

DST-Tympany Merger

Bangalore, Sep 15th : Mr. Torben Mikkelsen of D-S-T visited us in Bangalore this month. We would like to inform you that Corrson will now be the official distributor for Tympany range of home-audio drivers. D-S-T and Tympany have merged recently as one organization. Corrson will continue to supply VIFA, Scanspeak and Peerless drivers in India.

Mr. Torben gave us an update on the latest technology and R&D Initiates of Tympany. Soon you can expect, Corrson to stock more range of drivers for the Indian audiophiles and OEM manufacturers.

Where is the Valve Preamp ??

Bangalore, Sep 26th : We have been talking about our Valve preamp for more than a year now. It appears we underestimated the task of coming up with Marantz 7 clone. Our effort to perfect the preamp dragged on for over a year now. We finally feel we are ready to launch the product.

Mr. Allan Isaken, the president of DACT visited us recently. It was very good to meet someone of the caliber of Mr. Allan. Indian Audiophiles can buy the DACT attenuator from Corrson.

We have also tied up with Jensen capacitors of Denmark, to supply these wonderful caps

Jensen Capacitors

All Capacitors currently stocked are Aluminium Foil Caps, rather at 400V. These are ideal for coupling application in Audio Electronics, such as Valve amplifier.

0.47 mfd : Rs.998
0.22 mfd : Rs.811
0.01 mfd : Rs.591

The above price does not include VAT.

Metallized Polypropylene - Coupling Capacitors

For those who are budget, you could also consider the following capacitors, custom made to Corrson's specification by CTR. These capacitors provide the same level of performance as the speaker crossover capacitors that we stock. All capacitors are rated at 400 volts, with a tolerance of +/- 5%

3.3 mfd: Rs.97
0.47 mfd: Rs.86
0.22 mfd: Rs.51
0.15 mfd: Rs.44
0.022 mfd: Rs.32
0.01 mfd: Rs.30

The above price does not include VAT. All speaker capacitors prices have been increased by 10% due to increase in raw material cost, however, these caps still represent great value.

Corrson's Festival Offer : Treat yourself to a **home theatre** speaker package with VIFA TC14 and D27 drivers at an amazing offer prices of Rs.33,600/-. The kit will come factory assembled...what more can you ask !!
